They have always been, from time immemoal proverbial for their military ardor, their self-sacridevotion to public interest, improvident charity, and reckless disregard of the "almighty dollar" basis of Respectability. The South will find no class of persons more prompt to encounter the danger and fatigues of war in her behalf than the printers. Rosin—We have nothing new to report in the market for either grade. The demand for the finer qualities has been almost entirely checked for some time past, only a few keep the CHOICEST and BEST LIQUORS, and serve up in scattering lots having occasionally found sale, consequently we are unable to give a correct quotation of the market; there is, however, only a light stock in receivers hands .-For No. 2 the market also rules quiet, and only small par-121 BBLS. and bright packages, and extra hooped for cels have been sold at 85 to 90 cents per bbl. For Common 35 Tierces.) Rail Road transportation, daily expected to there has been a moderate demand during the week, and the market has ruled steady—closing at 85 cents per 310 lbs., at which it is generally held. We quote sales of 5,178

bbls., as follows: Wednesday 400 bbls. at 85 cents per 310 lbs.

TAR-After closing our report on Wednesday last a sale was made at \$1 55, but afterwards sales took place at \$1 50, at which the market has since ruled, and all received taken at that figure. The arrivals for the week comprise 1,847 bbls., which were sold as follows: 360 bbls. at \$1 55, and 1,487 do. at \$1 50 per bbl.

BEEF CATTLE—Are brought to market sparingly, and in consequence the supply in butchers hands has become quite light, being barely sufficient for present uses. There is a fair enquiry for beeves, and prime quality stall fatted would sell readily at 8 to 9 cents per lb., delivered here. We quote as extremes 7 to 9 cents, as to quality.

BARRELS-Nothing doing in empty Spirits Turpentine barrels, and the market continues to rule exceedingly dull. No sales, and in the absence of which quotations in table must be looked upon as merely nominal; -heavy stock in first hands.

COFFEE-All descriptions are in rather light stock, and the market rules firm; there is, however, only a retail de-mand, and we quote small sales from store at prices ranging within quotations, as in quantity and quality. See table. Corron—During the week just ended there has been more firmness in the market for this article, but owing to the meagre receipts and the small quantity offering the transactions have been limited. There is a fair enquiry from
buyers, and 11½ cents for middling has been readily obtained for all offered, though on Menday 11½ cents was paid for
a small lot. The sales reach only 447 bales at 11½ cents for
middling, 11½ cents for strict middling, and 12 cents for
good middling—closing firm with a fair demand at above

ORDER No. 5.

A N ELECTION for 1 Captain, 1 lst Lieutenant, 1 2d
Lieutenant, and 1 3d Lieutenant, to command the Combank River Militia, is hereby ordered to
be held at Moore's Creek Bridge, on Wednesday, the 27th
inst. Joel L. Moore, Dr. J. F. Simpson, and H. A Colvin
are detailed to hold said election.

Corn Meal.—There is merely a retail enquiry for this article, and the market is at present moderately supplied.

We quote small sales from the granaries at 85 cents per

DRIED FRUIT-Is in limited request, and no sales have been reported for some weeks past. We quote nominally at 3 to 3 1-2 cents for apples, and 8 to 10 cents per lb. for peaches, as in quality. Eggs.—Plenty in market, and dull of sale at 10 to 12 1-2 cents per dozen.

FEATHERS - Continue in active request, and find ready sale when brought to market. We quote at 50 to 55 cents per FLOUR .- There is no material alteration to report in market for State brands since our review of Wednesday

last. But little arriving either by river or railroad, and the supply in dealers hands is unusually light for the season, which has the effect to keep prices up. The demand is limited, as buyers do not seem disposed to operate to any extent at present high prices, and in consequence only small sales have taken place from store at \$7 75 to \$8 for superfine, and \$8 to \$9 25 per bbl. for family—our lowest quota-tions being nearer the market, and a lot of any size would hardly bring a higher figure.

GUANO-Several parcels have been received within the east week or two, and we notice a fair stock on market of nearly all descriptions. There is a moderate demand, and we note sales from store at the following quotations: No. 1 Peruvian \$62 50; Reese's Manipulated \$52; American \$40; and Sombrero \$35 per ton of 2,000 lbs. Superphosphate of lime sells at \$50, and Land Plaster at \$10 per ton. GRAIN-For Conn the market has ruled without material to A. E. Hall. hange since our review of Wednesday last. The receipts for the week consist of only two cargoes (3,205 bush.) from Pasquotank and Perquimans counties, which changed hands at 65 a 66 cents per bushel-closing at lowest price. At present there is a heavy stock in store, and the market closes quiet, as dealers do not seem disposed to operate further. We therefore renew our quotations of last week -624 a 65 cents per bushel, according to quality. OATS-Nothing done since our last, except in the retail way; market pretty well supplied, and demand limited. -Peas-There is only a moderate stock in store, and T. C. & B. G. Worth. the market rules firm. All kinds are in demand, and we quote Cow at 85 a 90 cents, and Black Eye at 95 cents to \$1 T. C. & B. G. Worth. per bushel.——Rice—The market is at present very well supplied with clean, and we notice only a light demand for retailing purposes. We quote sales from store at 4 a 44 cents per lb. In the rough article we have uo transactions & Howell; with 69 casks rice.

HAY-No receipts since our last review, and in consequence we have no sales to report except in the small way from store. The stock in dealers hands is only moderate, and we notice a fair demand. We quote nominally at 85 to 90 cents for Northern, an. \$1 15 to \$1 25 per 100 lbs. for

LIME-The stock in dealers hands is very light, and we notice a moderate demand. Small sales from store at 85 cents to \$1 per cask for common lump, as in quantity. MOLASSES- None received for the past two or three weeks. in consequence of which former arrivals of Cuba have been worked off, and there is none now in first hands; one or two cargoes, however, are daily expected to arrive from Cuba. We quote from wharf nominally at 22 to 25 cents per gallon,

PEA NUTS-Very few coming to market, and therefore the sales have been confined to small lots. There is some de- & Turlington. mand, and we quote at 95 cents to \$1 20 per bushel-latter price for prime quality. POTATOES—Irish are in fair supply, and only a retail business doing at quotations in table. Sweet arrive slowly, and by G. C. & W. J. Munro; with 1000 bbls. naval stores.

There is scarcely any demand at pres- pea nuts. ent for retailing purposes, and the sales during the past round and 13 cents per lb. for hams. The receipts per pitch, 124,000 feet lumber. railroad have been light for the week, but we notice a fair supply on market. For Wes ern cured the market has also ruled dull in the absence of the usual demand, and only occasional small sales take place from store at prices ranging within quotations. See table.-LARD AND PORK-Are in pretty fair stock, and there is only a small business doing. We refer to our table for quotations, as in quantity and | 28 bales cotton.

SALT .- None of either description received since our last, and consequently we have no sales to report. The demand is I mited, and we quote in the small way from store at 95 c ats to \$1 per sack for Liverpool ground, and 221 to 30 cents per bushel for Alum. Sugar-There is a moderate stock of most descriptions on market, and only a retail business doing. See table for E. Hall. store prices. At auction on Thursday last 56 hhds. Porto

Rico and New Orleans sold at 67 to 78 cents per lb.

SHINGLES-There is no demand for shipment, and the market rules quiet. Only small boat loads have been received, and sold at \$2 to \$2 25 for Common, and \$5 per M. TIMBER-Has been brought to market slowly for the past week or two, and prime quality is in moderate demand for mill purposes. We quote sales of only a few rafts at prices ranging from \$4 to \$9 75 per M., as in quality. FREIGHTS-We have nothing new to report in the market. There is a moderate quantity of produce offering shipment, and several vessels have engaged cargoes at prices quoted

ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR RESTORING THE BALD AND GRAY

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway .-Read the following :-BATH, Maine, April 18th, 1859. Frof. O. J. Wood & Co.: Gents:—The letter I wrote you

in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of 62 1-2 a \$16 75. Lard heavy at 9 a 10 cents. Whiskey at letters from all parts of New England asking me if my hair Spirits Turpentine steady at 35 1-2 a 36 1-2 cents. Rosin dull.

BALTIMORE, March 18.—Flour dull; sales of Howard street and Ohio \$5 12; City Mills \$5. Wheat buoyant; Red 1 25 a \$1 28; White \$1 45 a 1 70. Corn active; mixmonths, and yet my hair as good as ever, and hundreds have a symmetric tree and yet my hair still continued to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have a symmetric tree and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds ed 53 a 56 cents. Provisions dull. Coffee firm at 124 a 13 have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative sold by many, I fear, without authority from you. 'A pure artile will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me my unshaken opinion of its valuable results. I remain, dear sir, yours,

A. C. RAYMOND. AARON'S RUN, Ky., Nov. 30, 1858. Prof. O. J. Woon: Dear Sir :- I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restorative extant, but without suc-cess, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend for it. Respectfelly yours, Rev. S. ALLEN BROCK. this invaluable remedy to ALL who may feel the necessity

P. S .- This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited ;-but it you think it worthy a place among the rest, insert if you wish, if not destroy and say nothing. Yours, &c.,

The Restorative is put up in bottles of three sizes, viz. large, medium, and small; the small holds a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.
